

PECB Certified Root Cause Analysis Foundation

Become acquainted with the best practices of conducting a Root Cause Analysis (RCA)

Why should you attend?

The Root Cause Analysis Foundation training enables you to learn the basic elements to conduct a Root Cause Analysis. During this training course, you will be able to understand how to identify the root cause of a problem by applying different tools and techniques so as to ensure that a process is continuously improved.

After completing this course, you can sit for the exam and apply for a “PECB Certified Root Cause Analysis Foundation” credential. A PECB Foundation Certificate shows that you have understood the fundamental concepts, methods, techniques and management approach.

<p>Who should attend?</p> <ul style="list-style-type: none"> ➤ Individuals involved in Root Cause Analysis and committed to process improvement ➤ Individuals seeking to gain knowledge on how to conduct a Root Cause Analysis ➤ Individuals interested in Root Cause Analysis 	<p>Learning objectives</p> <ul style="list-style-type: none"> ➤ Understand the elements and the operation of a Root Cause Analysis, and its principal processes ➤ Understand the means of conducting a Root Cause Analysis ➤ Understand the concepts, approaches, methods and techniques used for the application of a Root Cause Analysis
